## THANKSGIVING HOLIDAYS

Thursday, November 22 and Friday, November 23, will be observed as regular Laboratory holidays.

**Pay Checks.** Employees who are paid on a weekly basis will receive their checks on Wednesday, November 21. The checks will be available at the same places and the same hours as on Fridays. Weekly employees who will not be able to pick up their checks on Wednesday may have the checks mailed to them by leaving their life number, name and address with the Fiscal Division Cashier not later than Monday, November 19.

**Time Cards.** Due to the short work week, supervisors should deliver all weekly time cards to Payroll by 9:30 a.m. on Monday, November 19.

**Bank Hours.** The Peoples National Bank on site will be open 9:45 to 12:00 and 12:30 to 4:00 p.m. on Wednesday, November 21. On Friday, November 23, it will be open from 10:00 a.m. to 3:00 p.m.

**Eating Facilities.** The Brookhaven Center and the Cafeteria will be closed on Thursday and Friday, November 22 and 23. The Snack Bar will be open from 9:00 a.m. to 2:00 p.m. on both of these days.

## TWENTY-FIRST BROOKHAVEN LECTURE

by R.C. ANDERSON - Director's Office

Title:

"LANDSCAPING THE GROVES OF ACADEME"

Lecture Hall - 8:00 p.m. - Wed., Nov. 14

A buffet supper (\$2.75) will be served at the Brookhaven Center before the lecture, beginning at 6:00 p.m. Reservations should be made at least one day in advance by calling Ext. 2302 before 5:00 p.m., or Ext. 2453 in the evenings.

Refreshments will be available in the Research Staff Lobby following the lecture.

## GYM OPEN

Starting Tuesday, November 13, the Gymnasium will be open evenings (November-April). Equipment is on hand for badminton, basketball, exercising, volleyball and table tennis. Locker and shower facilities are available.

## BNL CAFETERIA NEVER CLOSES!

The Cafeteria Management is happy to announce, in response to suggestions from their patrons, that soon food will be available in the BNL Cafeteria 24 hours a day - every day - rain or shine! For the benefit of people working at night, on holidays and weekends, modern food vending machines will be installed in the East Room of the Cafeteria and will be operating whenever the regular Cafeteria and Snack Bars are closed. Soup, coffee, tea, and hot chocolate, as well as milk, different kinds of sandwiches, salads and desserts may soon be obtained at the flick of a lever (that is, after you have put your money in). As a bonus, there will be a toaster nearby for warming sandwiches.

The commencing date, and other details will be announced shortly in a future issue of the BULLETIN BOARD.

## VISITORS

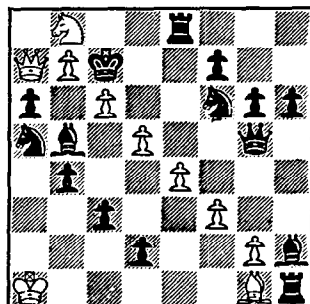

A group of graduate students in chemistry from Brooklyn College will tour the Laboratory on November 13. The Registered Nurses Study Group of Levittown will also tour BNL on Tuesday.

On November 14 and 15 the Fellows in Science Writing from the Graduate School of Journalism at Columbia University will make their annual visit to BNL.

A meeting of the Organic Reactor Working Group will take place on November 15 and 16.

## CHESS PROBLEM

This week's problem is not from a real game, but put together for study. It is White's move and win. How? Answer elsewhere in this week's BULLETIN BOARD.

## WHAT TIME IS IT?

Official Laboratory time is now maintained in two places - at the BNL Telephone Switchboard, and on clocks installed at the West Gate. These replace the public clock at Laboratory Police Headquarters as official time.

The electric clocks at the West Gate, and the BNL Telephone Operators' clock, are checked each morning and adjusted as necessary to New York telephone time. Except when the lights go out due to a power interruption, electric clocks on Long Island normally maintain the accuracy of their settings over long periods.

All clocks at the Laboratory should be kept set to the correct time. In the event of a local power interruption resulting in an incorrect clock, dial the BNL telephone operator who will be glad to give you the exact official time to which Laboratory clocks should be set.

The Art Exhibit will be open for the last time Thursday evening, November 15, 8:00 p.m. to 10:00 p.m., because of the need to return the art objects on Friday.

## MICROMET SALES

Orders for Micromet accompanied by full payment are now being taken at the Personnel Office, 58 Brookhaven Avenue. No orders will be accepted after November 30, 1962.

## FOLK DANCING

There will be folk dancing every Monday evening from 8:00 p.m. to 11:00 p.m. at the Recreation Hall.

## "IT WAS A SCREAM!"

That's what everyone is saying about BERA's Comedy Costume Dance, which was held in the Gym last Friday evening. Proving the ingenuity of our people, the costumes were hysterical.

Short-panted Bud Pollock ably handled the M.C. chores in his best Western style, while the Starlighters provided the musical background.

BERA's President, Larry Fuller, was on hand to act as a judge and presenter of the costume competition. Don David, as the "Blue Fairy", complete with magic wand, long johns, a moppish hairdo and a five day beard, won the prize as the funniest male. The funniest female was Helen Dany who came as a witch. Mr. and Mrs. Brunone's cavemen costumes took the couples prize, while Mrs. Gertrude Walsh in her flapper's outfit was chosen "Most Original". Honorable mention were announced as Mr. & Mrs. G. Sabine as "Mr. & Mrs. Bones" and Miss Canzoneri and Steve Perry in their Stop and Yield road signs.

Thanks from BERA and the attendees to the Instrumentation Division who committed the affair under the Co-Chairmanship of Joe Mead and Ralph Perry. The Gymnasium was decorated beautifully.

Who's next? The list of departments presenting BERA dances grows longer as Instrumentation has now made the "Dance Honor Roll" along with the Bubble Chamber, Supply and Materiel and Medical. When is your department going to present a dance?

### STAFF SERVICES LIAISON

Services at the Laboratory have been expanded for foreign and visiting scientists and their families. Mrs. Joan Victoria in the Director's Office will be responsible for advising and aiding these and other newcomers, upon and shortly after their arrival, in connection with problems arising from the unfamiliar surroundings. Mrs. Victoria can also make available maps and pamphlets describing local government, community facilities, schools, and recreation. New staff members or their families should not hesitate to call her if they are in need of assistance; in areas beyond the ordinary, the proper source of information will be supplied.

Mrs. Victoria is located in the Office of Scientific Personnel on the second floor of the Administration Building, 40 Brookhaven Avenue, Ext. 493.

### BERA CONCERT

The BERA concert season got under way last month with spectacular success, when 240 people crowded into the North Room of the BNL Center to listen to the Juilliard String Quartet. This is a reminder that Gary Towlen, the nineteen year-old Blue Point Pianist, will appear on Wednesday, December 5.

Watch for details in the BULLETIN BOARD during the next few weeks.

**Season Tickets.** They are still a bargain with four concerts remaining on the schedule. Get yours now if you haven't already. Call C. Auerbach, Ext. 753.

**BERA FILM SERIES****"THE WORLD OF APU"****Thurs., Nov. 15 — 8:30 p.m. — Lecture Hall**

"The World of Apu" is Part III of Salyojit Roy's trilogy consisting of Pather Pancholi, Aporajito and "The World of Apu."

One day in 1952, a 31 year old commercial artist in Calcutta went down to a pawn shop with his wife's jewels. He then rented an ancient Wall camera, and on the first fine Sunday after that, he rounded up a few actor friends, piled them into a taxi and headed up-country to a picturesque village he knew. There and thereabouts heedless of the fact that he never shot a foot of film in his life, Salyojit Roy plugged away at his movie project whenever he had a day off. Three years later Pather Pancholi, Part I of Mr. Roy's famous trilogy was released and subsequently awarded as one of cinema's most outstanding masterpieces. In 1958 "Aporajito," Part II, was produced and was widely proclaimed as "even stronger than Pather Pancholi."

We now bring you Part III, "The World of Apu" which has proven to be the best picture that Salyojit Roy has made. "One of the most vital and abundant movies ever made" . . . Time Magazine. "The World of Apu honors the screen. A lovely telling of a sensitive story with exquisite, distinctive imagery" . . . Bosley Crowther, N.Y. Times. "Contains one of the loveliest intimations of the whole world of love and marriage that movies have ever shown" . . . Archer Winsten, N.Y. Post. "A masterpiece for audiences everywhere" . . . Arthur Knight, Saturday Review.

The short subject will be "The Divided World" — "The World of Apu" will begin at 8:50 p.m.

**PINK LEAGUE BOWLING NEWS**

Sharing the wealth were the All Thumbs, led by L. Jones with a 402 series, and the Odds and Ends with R. McCann rolling 180 and G. Fales 181.

The ex-first-place Galaxies dropped all 4 to the now-first-place Medigals, who were treated by C. Podlaski's 430, M. Craig's 425, and M. Weynand's 396.

The Nightingales fought with the Alley Kats and caught only 1 point. Howling for the Kats were L. Bartos with 203/491 and J. Hughes with 415. The birds' L. Hillen rolled 162 and M. Hill 181/451.

The Twinkletoes, in the tight battle for last place, split with the Dipions. P. Cosier for the Toes rolled 154. The Dipions had working for them C. Dobert with a 173 and R. Svendsen with a 185.

**FISHING CONTEST**

Charles Gerle won the prizes for October with a 9 lb. 12 oz. Blue caught at Montauk. The prizes were fisherman's pliers and tankard.

There are lots of school stripers along the beach, if you can induce them to bite. The North side of Montauk is still the hotspot.

Cod are being caught near the light along with a few Pollack.

The lead of the heart Q was won by dummy's king. The ace of trump was followed by a successful club finesse. Before reading on, decide how you will play.

Placing W with the club K, declarer attempts to throw him in with a heart to force a club or a diamond return. Declarer returns to his hand with a trump, cashes the heart A and leads the 9, pitching a diamond from dummy. If W has won the trick, he must give away a trick on his return. If E should have the 10, declarer can resort to the diamond finesse.

**Full master point game Wednesday, Nov. 14. Game will start at 7:45, be over by 11. Free coffee will be served.**

**DON'T PUT WATER IN LAB VEHICLES**

All Laboratory vehicles have been winterized with a permanent type anti-freeze. When on site, do not add water. Bring the car to the BNL Motor Repair Shop (Bldg. 423) if additional coolant is needed. If necessary to add water when off site, please notify the Motor Repair Shop upon return.

## OPERA CLUB NEWS
